NOTE FOR: See distribution
FROM: Deputy to the DCI for Resource Management
SUBJECT: Review of PAO study prospectuses

I would appreciate it if the people listed below would assume responsibility for reviewing these PAO study prospectuses. The reviewers should make short written comments on the prospectuses with recommendations of whether the projects should be approved as proposed, approved with alterations, or cancelled. These comments should be given to the authors, to me and to other interested staff members the day before the scheduled meetings.

I would like these review meetings to yield clear terms of reference for these studies and would like all staff members who expect to use the results of these studies to attend.
